

Junior Affiliate Terms & FAQ

How partners qualify, when 50% recurring commission starts, what counts, and how Whop pays you. The trust document behind the program.

01 Program summary

Refer paid Junior customers and earn **up to 50% recurring commission**. Commission is not paid immediately — it unlocks once you reach **Qualified Affiliate** status. You must hold an active paid Junior subscription (Solo or higher) to earn, and payouts are handled by Whop.

02 How to qualify

You reach **Qualified Affiliate** status when **either** of these is met:

2

Referred paid customers

Two people become paid Junior customers using your tracked link.

11,000

Whop-verified views

On approved Junior promo / Content Reward submissions.

- EITHER PATH QUALIFIES YOU -

03 When 50% recurring commission starts

PAID-CUSTOMER PATH

Customer 1 & 2 earn nothing (they qualify you). **50% recurring starts from customer 3 onward.**

VIEWS PATH

After 11,000 Whop-verified views, **the next referred paid customer and onward earn 50% recurring.**

The first two referred paid customers do not earn commission unless Junior approves otherwise in writing.

04 What counts as a paid referral

- A referred person who becomes a **paid Junior customer** (Solo or higher) using your tracked link.
- Attribution is **first-touch**, locked at sign-up, and is not reassigned.
- Commission is paid only on the customer’s **successful payments**, and recurs each month they stay paid (after you’ve qualified).

05 What counts as Whop-verified promo views

- Views on **approved Junior promo or Content Reward submissions**, as counted and verified by Whop.
- **Whop is the source of truth** for verified views — not third-party analytics or self-reported numbers.
- Only legitimate, organic views count toward the 11,000 threshold.

06 What counts / what does not

COUNTS TOWARD EARNING	DOES NOT COUNT
Referred paid customers' successful payments (after qualification)	Free sign-ups, trials, test payments
Whop-verified views on approved promo submissions	Refunds & chargebacks
Recurring monthly payments while the customer stays paid	Bot traffic, invalid traffic, fake views
Legitimate, first-touch attributed referrals	Duplicate accounts & self-referrals

07 Payouts through Whop

- All affiliate payouts are **handled by Whop**, paid in 170+ countries.
- You must **complete your Whop payout setup** to receive commission.
- There is no Stripe Connect payout path — Whop is the payout system of record.

08 Subscription requirement

- You must hold an **active, paid Junior subscription — Solo or higher** — to earn commission.
- If your subscription lapses, commission eligibility **pauses**; it may resume on reactivation, forward-only.
- Already-paid commission is **never clawed back**, except for fraud or abuse.

09 Fraud & abuse exclusions

The following are excluded and may result in removal from the program and forfeiture of unpaid commission: fraud, bot or invalid traffic, fake or manipulated views, duplicate accounts, self-referrals, and any abuse of the program. Junior may pause or remove an affiliate's eligibility for any of the above.

10 FAQ

When do I earn commission?

After you qualify — 2 referred paid customers or 11,000 Whop-verified views on approved Junior promo submissions.

Do the first two paid customers earn commission?

No. They qualify you. 50% starts from the third referred paid customer onward.

What if I qualify by views first?

Once you reach 11,000 Whop-verified views, 50% applies to the next referred paid customer and onward.

Who pays me?

Whop handles affiliate payouts. Complete your Whop payout setup.

Do free signups count?

They can count as tracked referrals, but commission is paid only on successful paid-customer payments after qualification.

Do fake views or self-referrals count?

No. Bot traffic, invalid traffic, duplicate accounts, self-referrals, refunds, and chargebacks are excluded.
